ABOUT NDE 2021

NDE 2021: The Virtual Conference & Exhibition; the annual flagship event of the Indian Society for NDT will be held on Virtual Platform during December 09-11, 2021

The conference will have over 30+ invited talks and 200+ presentations from eminent personalities and experts both from India and abroad. Special sessions on topics of current relevance to industries will be the highlight of the conference. Over 70 exhibitors – both national and international will be showcasing their products and services through the state-of-the-art 3D virtual exhibition. The exhibitors will get the opportunity to showcase their products, technologies and services right away from home or office through a wide range of interactive online tools such as live chats and live video channels to interact with the participants attending across the globe. The near-physical exhibition through carefully designed 3D stalls, high-resolution exhibitor avatars, promotional videos, product documentation with an exceptionally easy-to-use navigation environment will lead to a fulfilling experience of showcasing to potential clients present beyond geographical boundaries.

NDE 2021 expects the participation of 1000+ delegates from around the globe in multiple domains and disciplines related to the core area of NDE and Inspection. The conference will provide a platform to delegate to present their work to a wide audience and interact with them for better knowledge sharing and dissemination. The topics will encompass a vast spectrum from Conventional to Advanced NDE including novel methods, instrumentation, NDE automation, robotics, sensors, procedures and data analytics as applied to all industry segments for quality control, periodic maintenance, life estimation, structural integrity and related areas. All delegates will be provided with participation certificates which will enable them to get credit points for certificate renewals or other purposes.

Specific technical sessions focused to address the issues, challenges and opportunities for application and implementation of cutting edge NDE technologies for various industrial sectors will be addressed and attended by experts across various industries. The industries will have the opportunity to interact with experts from academia and R&D institutions working in various facets of NDE. NDE 2021, the virtual conference and exhibition, is envisaged to be another landmark event from ISNT in the annual series with a different flavour and charm which will ensure that all delegates, speakers, invitees and exhibitors have fulfilling experience on all fronts - technical, professional and social with the comfort of being at home or office.

CALL FOR PAPER

NDE technologists, scientists and professionals interested in presenting their original work at NDE 2021 are invited to submit the abstract(s) of their paper(s) in any of the following suggested broad areas and topics, but are also open to other subjects of interest, commensurate to the theme of the conference. Abstracts should clearly bring out the purpose, important results and the outcome of the study. It is important to note that the abstracts will be accepted based on the understanding that the author or one of the authors will attend the conference. Abstracts and Papers will be accepted only through the conference website www.isntnde.in.

The selected full texts of the papers presented at NDE 2021 will be published by Springer Nature in the form of Special Issue of Conference proceeding after following the peer review procedure. The conference proceeding will be indexed for citation. Other papers will be published on ndt.net, the largest online NDT portal, as e-proceeding (NDE 2021).

The presenting author must register as delegate for the conference for inclusion of the paper in the final Technical Programme of NDE 2021. For any queries, please email to technical@isntnde.in.
